

## CHIKAKO YOSHIDA-NORO, PhD

### Present Appointment:

Professor

Department of Applied Molecular Chemistry

College of Industrial Technology (CIT), Nihon University

Division of Cell Regeneration and Transplantation

Department of Functional Morphology, Nihon University School of Medicine (MED)

### Education:

BS                    Biology                    Chiba University

MA                    Biophysics                Kyoto University

Ph.D.                Biophysics                Kyoto University

### Career History:

2005-                Nihon University

1999-2005        Senior Researcher, BioResource Center, RIKEN

1998-1999        Researcher, Brain Science Institute, RIKEN

1993-1996        Researcher, Precursory Research for Embryonic Science and Technology 21 (PRESTO 21), JST

1991-1993        Visiting / Senior Research Associate, University of Cambridge, Cambridge. UK.

1988-1992        Researcher, Group Leader, Furusawa MorphoGene Project, ERATO, JST

1995-1998        Researcher, National Institute of Neuroscience, NCNP

### Awards:

Development Growth & Differentiation Paper Award 201

Educational Contribution to CIT Nihon Univ. Award 2009 and 2016

The 2017 Albert Nelson Marquis Lifetime Achievement Award

### Scientific Interests:

Developmental Biology, Cell Biology, Molecular Biology, Regenerative Medicine

### Major Scientific Achievements:

First identification and characterization of cell adhesion molecule Cadherin, with Prof. Masatoshi Takeichi, at Kyoto Univ.

Stem cell research in asexual and sexual reproduction of *Enchytraeus japonensis* (Earthworm), with Prof. Shin Tochinai, Hokkaido Univ.

### Gender Equality Activities

Chair of Gender-Equality Committee, CIT Nihon Univ.

Adviser for CIT Girls' Project (Female Student Activities) Board Member of Society of Japanese  
2008-2010 Head of Project Core, Female Researchers Support Unit, Nihon University

2012-2013 Sub-Leader of CareerWay Project, Nihon University

2005- Member of EPMEWSE, Large Scale Survey and Lecture at Symposium

2006- Member of Plans Board, Science Summer School for Girls at NWEC, 2012 Chair

2007- 20011, 2015- Board Member of Japanese Society for Women Scientists (SJWS)

Chair of JCK-WLF (Japan-China-Korea Women Leaders Forum for STEM) WG in JNWES

President of 5<sup>th</sup> JCK-WLF in Japan in 2013

WG Member of Gender Summit 10 Tokyo 2017 Making Database for Female Researchers

2011-2013 Member of Gender Equality Committee, JST

Chair of the Committee for JISTEC International Survey for Recruitment and Promotion of Women Researchers in East Asia

Domestic and International Networking of Universities and Research Institutions for the Improvement of Gender-Equality Environment

Professional Competence:

Management of Projects, Human Resource and Accounting

Networking and Information Exchange

Leadership and/or Support

Presentation and Lectures

ICT Technology and Research Ability

Communication by English, TOEIC Score 915 (1999)
